Strive to Achieve
Proudly an Independent Public School

YEAR 12 SENIOR SCHOOL HANDBOOK 2021

~Small enough to care
Large enough to deliver~

PRINCIPAL'S WELCOME

Welcome to our Senior School program at Denmark Senior High School. Our school has modern facilities with the subjects for each course being delivered by an experienced and dedicated teaching staff.

An Independent Public School, Denmark Senior High School provides a first class Year 11 and Year 12 education program that is attuned to the needs and aspirations of all students, the community of Denmark and the outlying communities in the region. The school delivers a wide range of subjects and courses that, on successful completion, enable students to achieve the Western Australian Certificate of Education (WACE).

To achieve their WACE, students select from either an ATAR, General or a Vocational Education and Training (VET) suite of courses. The ATAR (Australian Tertiary Admission Rank) courses provide students with the opportunity to gain admission to most of the undergraduate courses offered by universities both in Western Australia and in other Australian states. Denmark Senior High School is proud of the high level achievement by students in their ATAR exams and the high number of students who gain entry in a university. Although a smaller school compared to other schools in the Great Southern Region, Denmark Senior High School has developed a reputation for high level student achievement.

The school has engaged with a range of businesses in both Denmark and Albany to form productive partnerships for students to participate in a range of work placements and (VET) certificates leading to achievement of nationally recognised industry level qualifications. This range of VET offerings enables students to select a program of study linked to their interest or vocation beyond Year 12.

Students can also choose to participate in one of the school's specialist programs. Those studying music at Denmark SHS have had the opportunity to perform locally, in the Great Southern Region and at the Schools Opus in the Perth Concert Hall. All students can choose to join in the annual drama production which is much anticipated and well received by the Denmark community. Members of the Basketball Specialist Program can choose to extend their development into a range of Physical Education courses in Senior School. The annual Country Week competition showcases a range of sports and is a popular choice of many for our students.

This booklet is designed to provide information and guidance for students, with the support of their parents, to make decisions about an educational pathway to follow and a course of study within the pathway. You are very welcome to contact the school to seek further information. Prior to selecting and committing to a pathway and course of study, it is recommended that students and their parents attend an interview at the school with the school's course counselling team.

Trevor Henderson
Principal

SENIOR SCHOOL INFORMATION

Introduction

Studying at the senior level means that students are expected to take greater responsibility for their learning and their decisions. Much information is provided to help students decide which courses to study in Years 11 and 12. The options are many and the need for discussions with parents, teachers, counsellors and others is very important. Students and parents are advised to make themselves familiar with all the information available to them in order to make informed decisions.

Parents are an integral part of this process as they provide the biggest single influence in a student's choice of direction. Students will be looking for guidance and support in making informed choices and parents are asked to be active participants during senior schooling.

Changing Courses

ALL YEAR 12 COURSES ARE YEARLONG AND CHANGES CANNOT BE MADE AFTER THE END OF WEEK 2 TERM 1.

When a student selects a program of study, he/she is committing to the course for the duration of the program. All year 12 courses are yearlong and students are expected, by in large, to continue with year 11 courses. Where a change is requested they need to discuss this with the Year Coordinator or Deputy Principal. Any student who changes a course after the commencement of the course must catch up on any work missed in the new course selected.

There is limited opportunity to make a course change (generally needs to be completed within the first two weeks of the semester). Parents and students must be aware that there are cut off dates in place for changes in place set by the School Curriculum and Standards Authority.

When a student selects a program of study, he/she is committing to the courses for the duration of the program. Course changes are discouraged and can be avoided by:

- Choosing appropriate courses – note the ***Minimum Entrance Requirements***
- Discussing any problems with your teacher and parents
- Working harder when the going gets tough; hand all work in on time, seek extra help and attend 100% of your classes.

Withdrawing from a Course to have Independent Study Time

This option *may* be available to Year 12 ATAR students and is allocated on the basis of academic merit or when, in the opinion of School staff, it is seen to benefit a student's educational outcomes. As a guide, Year 12 ATAR pathway students may withdraw from one subject for study time at the start of Year 12, provided they have passed all 6 subjects in Year 11 and have a 'B' average in 5 of those subjects. Students may also need to demonstrate a capacity to effectively use independent study time. Applications must be made to the year group Deputy Principal and will be considered on an individual basis.

Homework and Study

Students studying ATAR pathway courses need to do a minimum of 3 hours' study per course per week. This means a student studying 5 ATAR courses needs to commit to a minimum of 15 hours of homework and/or study each week.

Students studying general pathway courses need to complete a minimum of 1 hour of homework and/or study per course each week. This means that 6 general pathway courses require 6 hours of homework and/or study each week.

Homework does not only consist of the work given by the classroom teacher but should also be made up of self-directed study and revision. This may include organising notes, revision, research, exam study, practical study or practising additional tasks or questions.

Special Consideration

Students who have a medical condition that may affect their academic results need to notify their Deputy. If special consideration is required in exams or class as a result of the medical condition, a medical certificate and/or other documentation must be provided so that arrangements can be put in place. This is also a School Curriculum and Standards Authority requirement.

Examinations

All students studying ATAR courses in the final year of senior secondary schooling (Year 12) are required to sit an examination of that course. Practical and performance examinations are conducted in addition to written examinations for some courses.

Attendance Commitment – Every Day Counts! Every Mark Counts!

Attendance and participation in class is the key to student achievement. Studies show that students who attend school regularly are more likely to succeed at school. Students are encouraged to aim for 100% attendance. The only acceptable reasons for absences are sickness or attendance at a school related activity. Work commitments and holidays are not acceptable reasons for being absent from school. If students are absent from class they need to collect any missed work from teachers to ensure they keep up to date with their coursework.

Furthermore, it is vital in Years 11 and 12 that all assessment work is handed in on time, for all courses. Failure to do so jeopardises a student's achievement. The Denmark Senior High School Assessment Policy contains all the relevant details around assessment and students are encouraged to make themselves familiar with all processes detailed.

Please remember that our main priority is to support all our students and their families in this transition period. Don't hesitate to get in touch if you have any questions.

Amy Palmer
Deputy Principal – Senior School

WESTERN AUSTRALIAN CERTIFICATE OF EDUCATION (WACE)

Senior School students in WA study a range of courses and programs developed and overseen by the School Curriculum and Standards Authority (SCSA). Their achievements are reported by SCSA and ultimately they are aiming to achieve WACE, a certificate that recognises significant achievement over Years 11 and 12. In the past, most students would achieve “Graduation”; with new more stringent qualification requirements, **not all students will receive a WACE at the end of Year 12**. This will raise its value to those who do achieve WACE.

Those not achieving a WACE will receive a Western Australian Statement of School Achievement (WASSA) if they have completed any course or program that contributes to WACE.

THE WACE REQUIREMENTS

The Western Australian Certificate of Education (WACE) is awarded to students who have successfully completed senior secondary schooling in WACE studies and have met the WACE requirements.

To achieve a WACE a student must satisfy the following:

- complete one of three course combination options
 - complete at least four Year 12 ATAR courses OR
 - complete at least five Year 12 General courses and/or ATAR courses or equivalent OR
 - complete a Certificate II (or higher) VET qualification in combination with ATAR, General or Foundation courses
- demonstrate the literacy and numeracy standards
- meet the requirements for breadth and depth of study
- meet the achievement standard.

Literacy and numeracy standard requirement:

Students must demonstrate minimum standards of literacy and numeracy by either:

- demonstrating the standard through the Online Literacy and Numeracy Assessment (OLNA); or
- pre-qualifying for a particular component by achieving Band 8 or higher in reading, writing and numeracy in their Year 9 NAPLAN and being exempted from that component in the OLNA.

Breadth and depth requirement:

Students must complete a minimum of 20 units or the equivalent, including:

- a minimum of ten Year 12 units or the equivalent
- four units from an English learning area course, post-Year 10, including at least one pair of Year 12 units from an English learning area course
- one pair of Year 12 units from List A
- one pair of Year 12 units from List B.

Achievement standard requirement:

Students must achieve 14 C grades or higher (or equivalents) in Year 11 and Year 12 units, including at least six C grades (or equivalents) in Year 12 units.

C grade equivalents can also be obtained through Vocational Education (VET) programs and/or Endorsed Programs. The maximum unit equivalence available through these programs is eight units – four Year 11 units and four Year 12 units. Students may obtain unit equivalence as follows:

- up to eight unit equivalents through completion of VET programs, **or**
- up to four unit equivalents through completion of endorsed programs, **or**
- up to eight unit equivalents through a combination of VET and endorsed programs, but with endorsed programs contributing no more than four unit equivalents.

The amount of unit equivalence allocated to VET and endorsed programs are as follows:

- VET qualifications
 - Certificate I is equivalent to two Year 11 units
 - Certificate II is equivalent to two Year 11 and two Year 12 units
 - Certificate III or higher is equivalent to two Year 11 and four Year 12 units
- Endorsed programs – unit equivalence is identified on the Authority's approved list of endorsed programs.

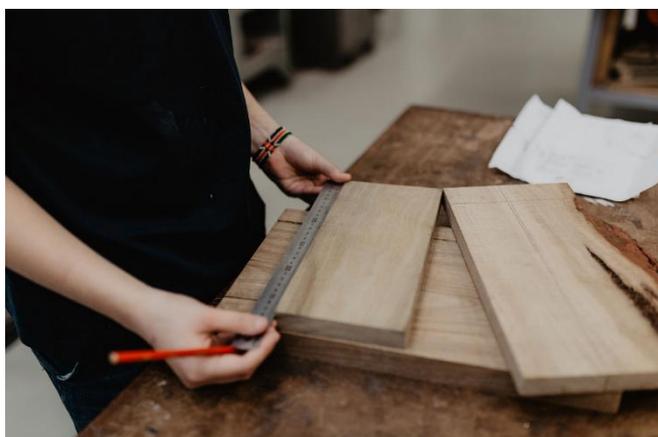

THE ONLINE LITERACY AND NUMERACY ASSESSMENT (OLNA)

A student who achieves Band 8 or above in the reading, writing or numeracy component of the Year 9 NAPLAN, will be considered to have *pre-qualified* for that component.

- The OLNA has three components – reading, writing and numeracy.
- It is compulsory for students to sit the numeracy, reading and/or writing components in Semester 1 of Year 10.
- If students do not meet the standard in Semester 1, then they must sit in Semester 2 of Year 10, and, if required, Semester 1 of Year 11.
- From then on, and if required, students may choose when next to sit the assessment. Students will have up to six opportunities (in March and September of each year) before completing Year 12, to demonstrate the WACE minimum standard of literacy and numeracy.
- Students will be required to satisfy both the reading and writing components in order to demonstrate the minimum WACE literacy standard.

Meeting the Literacy and numeracy standards:

- is a benchmark of educational achievement
- is valued by employers and post-school training providers
- ensures all students leave school with the best chance of future success.

STUDY PATHWAYS

At Denmark Senior High School, students can choose courses from three study pathways to make up their course requirements:

1. WACE Courses (three course types – ATAR, General and VET industry specific)

- **ATAR course units** for students who are aiming enroll in a university course directly from school. These courses will be examined by the Authority and the WACE Examination results contribute to the achievement of an Australian Tertiary Admission Rank (ATAR).
- **General course units** for students who are aiming to enter further training or the workforce directly from school. These courses will not be examined but students will be monitored against predetermined standards and a statewide “Common Assessment Task” in Year 12.
- **Vocational Education and Training Industry Specific (VETis)** courses for students who are aiming to enter further training or the workforce directly from school. VETis courses have been developed in close consultation with WA Industry Training Councils and include a full, nationally recognised qualification and mandatory industry-related workplace learning.

2. VET Qualifications – these are Nationally Recognised Certificate Qualifications delivered through a Registered Training Organisation.

3. Endorsed Programs – provide access to areas of learning not covered by WACE courses or VET qualifications and contribute to the WACE as unit equivalents. These programs are identified on The School Curriculum and Standards Authority approved list of endorsed programs and are for students wishing to participate in programs that are delivered in a variety of settings by schools, workplaces, universities and community organisations.

Students can choose a combination of courses from these study pathways to create a personalised pathway that suits them best to meet the requirements of the WACE and set them up for life beyond school. When selecting a pathway, students should consider their post school options and may like to consider the following:

Heading to university once you finish Year 12? - For direct entry students should choose a course mix that leads to at least four Year 12 ATAR courses so they can achieve an ATAR. This rank is used by universities as a selection mechanism. There are alternative pathways into University studies but this path is the most direct. More information about the ATAR is available at <http://www.tisc.edu.au>

Not aiming to go to University? – Students will need to achieve the minimum WACE requirements through a combination of ATAR, General and/or Certificate courses. A minimum of 20 (10 pairs) of Course Units are required to achieve the WACE).

THE STRUCTURE OF YOUR PATHWAY

Students are required to choose SIX courses (comprising two units each) to study in Year 11, followed by and FIVE or SIX courses in Year 12. In most cases these will be the same courses for both years. This means you must be sure of your selections and be committed to success in them all. Year 11 students will not be allowed a private study line as this may jeopardise WACE graduation.

NOTE:

- As with all Senior High Schools, Denmark SHS will only run courses if sufficient students enrol to sustain them through to Year 12.
- Clashes are unavoidable, so students should consider the location of courses on the Selection Grid when determining the totality of their course section.
- Student wishing to undertake ATAR courses in Year 11 should ideally be achieving at a B or better in their Year 10 course and have teacher recommendation.
- A very sound C grade or better and teacher recommendation will be the absolute minimum Year 11 grade required for students to progress to any examinable course in Year 12.

ATAR PATHWAY COURSES

ATAR Courses are examined externally for the purposes of university entrance each subject in Year 11 is the counterpart of a subject in Year 12 and is normally studied as a prelude to the Year 12 course.

Year 12 ATAR Pathway	List	Course Code	Proposed Course Charges
Biology	B	ATBIO	Standard
Chemistry	B	ATCHE	Standard
Computer Science (Programming)	B	ATCSC	Standard
English	A	ATENG	Standard
Geography	A	ATGEO	Standard
Human Biology	B	ATHBY	Standard
Literature	A	ATLIT	Standard
Mathematics Applications	B	ATMAA	Standard
Mathematics Methods	B	ATMAM	Standard
Mathematics: Specialist	B	ATMAS	Standard
Modern History	A	ATHIM	Standard
Outdoor Education	B	ATOED	High
Physics	B	ATPHY	Standard
Psychology	A	ATPSY	Standard

Please Note - Course Charges remain compulsory in Senior Schooling Years 11 – 12

Course Charges have not been finalised at this time so please use the following as a guide when selecting courses

	Standard Cost per Course	High Cost per Course
ATAR Pathway Courses	\$50 - \$100	\$100 - \$200
General Pathway Courses	\$50 - \$100	\$100 – \$200

GENERAL PATHWAY COURSES

General courses do not contribute to direct university entrance eligibility. Although these courses stand alone each year, it is recommended that students select a course to student over the two year of senior schooling as it can be difficult to pick up a new course in Year 12 if the background has not been covered in Year 11.

Year 12 GENERAL Pathway	List	Course Code	Proposed Course Charges
Applied Information Technology	B	GTAIT	Standard
Drama	A	GTDRA	Standard
English	A	GTENG	Standard
Geography	A	GTGEO	Standard
Mathematics Essential	B	GTMAE	Standard
Materials, Design and Technology – Wood	B	GTMDTW	High
Materials, Design and Technology – Textiles	B	GTMDTT	High
Music	A	GTMUS	Standard
Outdoor Education	B	GTOED	High
Physical Education Studies	B	GTPES	High
Visual Art	A	GTVAR	High

VOCATIONAL EDUCATION AND TRAINING (VET) COURSES

Students may express an interest in one of the following VET Certificate courses. Please note that VET offerings are not finalised until late in the year in consultation with registered training organisations (RTO) and may be cancelled or subject to change. Students who apply for one of these programs may be required to attend an interview and will be subject to meeting the RTO's selection requirements. Students must be aware that a number of these courses are competitive entry courses and operate independently of the school.

Certificate courses delivered onsite (SRTAFE – Denmark Campus)		
Certificate II in Building and Construction (Trades)	52824WA	\$25
Certificate II in Hospitality	SIT20316	
Certificate courses delivered offsite (SRTAFE Albany Campus)		
*NB: Enrolment in these courses is subject to SRTAFE application processes and offerings are subject to change		
Certificate II in Building and Construction (Trades)	52824WA	\$25
Certificate II in Conservation and Land Management	AHC21016	
Certificate II in Horticulture	AHC20416	
Certificate II in Kitchen Operations	SIT20416	
Certificate II in Retail Cosmetics	SHB20116	
Certificate II in Salon Assistant	SHB20216	
Certificate II in Sport and Recreation	SIS20115	
Certificate II in Tourism	SIT20116	
Certificate III in Education Support	CHC30213	
Certificate IV in Preparation for Health & Nursing	52831WA	
Authority Developed Workplace Learning – Endorsed Program	ADWPL	\$30

Benefits of undertaking a VET course -

- Training in a nationally recognised qualification
- Hands-on vocational experience
- Contributes to WACE (Western Australian Certificate of Education)
- A pathway for further training beyond school
- Life and employability skills
- Opportunity to participate in the workplace learning endorsed program

Some of these certificates will attract additional costs for courses such as First Aid Certificate, White Card and Drug and Alcohol Test which will be billed separately to the course costs.
